

1 Day Radionics & Dowsing introduction Course

Wednesday 19. March | Rockhampton

10am – 3pm

Alton Downs Hall, Alton Downs 4702, Queensland

Call Mick to book in 0438395255

This free 1-day FREE introduction course is hosted by Heinz Gugger. He is an international dowsing and radionics practitioner and author with over 20 years' experience. He teaches, works with and consults clients all over the world, harnessing dowsing and radionics to help and empower farmers, ranchers, horticulturists across all industries to achieve tangible results through the power of subtle energy.

Dowsing and radionics is used by quite a lot of Australian farmers already. These subtle energy tools can be used to:

- Control, reduce unwanted weeds
- Enhance overall health and wellbeing of animals, stock and yourself
- Eliminate pest pressure on the farm and crop. E.g. rat's, false army worms, mice, snakes etc.
- Finding underground water and water pipes. (Great to find leaks in pipes)
- Clear the land of detrimental energies such as Geopathic stress, EMF, burial sites etc.
