

Cattle Evaluation, carbon & Organics Field Day

Get a start on Beef 2024

Where: Cattle yards at

Bindaree, Garnant

(42km from Rockhampton)

When: Sunday 5th May 2024

Time : 1pm – 4pm

Smoko: supplied

Cost: \$30/ person

Come and join us for a lead into the Beef 2024 spectacular

We will be learning cattle assessment methodologies in the cattle yards with one of the Australia's top livestock assessors - Gerald Wyatt (Classic Livestock Management). Gerald will be assessing our herd for the second time with the aim of choosing only the best animals. He will be

- Choosing tender, fertile, consistent and balanced cattle
- Identifying fertility traits
- Assessing hormonal activity
- Selecting for tenderness
- Importance of high quality milk
- Reading a bulls scrotum etc.

Mick Alexander will also be speaking on organic management and carbon farming methodologies on Bindaree.

- Organic production
- Buffalo Fly trap and dust bags
- Grazing management

Other guest speakers TBA.

Call Mick on 0438395255 to book and to get a mudmap.

Our local Healthy Soils Group will also be hosting an AGM meeting after the event and planning regenerative activities in 2024.
