

HEALTHY SOILS INC PRESENTS

ORGANIC AGRICULTURE & TELEMETRY !!

“MAKE THE MOST OF YOUR BUSINESS THIS SEASON”

AUSTRALIAN CERTIFIED ORGANICS (ACO).

Presented by Organic Certifier “Michael Baker”

Please join us at this “**CUTTING EDGE**” information session to learn how to establish an organic operation. We have all heard about the benefits of organics and the problems being faced by many primary producers. This half day workshop will introduce the topics and explain the process involved.

Monitoring Systems for the 21st Century.

The second session will be presented by Geoff Goldberg from OBSERVANT.

Observant are the first company in the world to establish a comprehensive farm and irrigation watering system that allows the farmer to know what is happening on his farm from anywhere in the world. Geoff will demonstrate the technologies available today and show a working example of water monitoring on “Bindaree” in the afternoon farm walk.

Learn about:

- Organic certification process
- What is and isn't allowed
- Options for chemicals not allowed
- Costs involved
- Example/ case studies/ markets
